

Abdullah Emad Abdelmoneim

Student Software Engineer

Cairo, Egypt | (+20) 01158050510 | abdullahemad266@gmail.com | [LinkedIn](#) | [GitHub](#)

Education

Computer Science and Artificial Intelligence, AAST University
Software Engineering Department.

Oct 2023 – June 2027

GPA: 3.5

Projects

Tour Reservation Website [link](#)

- Developed a tour reservation website called "Natours" using Node.js, Express, MongoDB and built using MVC architecture.
- Implemented JWT authentication for secure user authentication and authorization.
- Designed and built RESTful APIs for handling tour bookings, user registrations, and authentication.

Smart Home Automation System [link](#)

- Built a smart-home application using **Java**, **JavaFX**, and **SQLite** with separate layers for UI, core logic, and data access.
- Implemented multiple design patterns used in the codebase, including **Singleton**, **Strategy**, **Command**, **Observer**, **Abstract Factory**, **Decorator**, **DAO**, **Facade**, and **Iterator**.
- Added command execution with **undo functionality**, plus device/event persistence through SQLite DAOs for history and state tracking.

Skills

- | | |
|--|--|
| • Programming Languages: C++, Java, JavaScript | • Database Management: MongoDB, MySQL |
| • Web Development: Node.js, Express.js | • Design Patterns and SOLID Principles |
| | • RESTful APIs Development |

Certificates

- Beginning C++ Programming - From Beginner to Beyond [link](#)
- Mastering Data Structures & Algorithms using C and C++ [link](#)
- Learn JAVA Programming - Beginner to Master [link](#)
- SQL and PostgreSQL: The Complete Developer's Guide [link](#)
- The Complete JavaScript Course 2025: From Zero to Expert! [link](#)
- Node.js, Express, MongoDB & More: The Complete Bootcamp 2023 [link](#)
